

# EPIGENETICS INSTITUTE

## SEMINAR SERIES

### SPECIAL FIRST YEAR EPIGENETICS PILOT GRANT RECIPIENT TALKS

#### AT-LARGE PILOT GRANTS

**Hao Wu, Ph.D.**

Assistant Professor of Genetics

**Rahul Kohli, M.D., Ph.D.**

Assistant Professor of Medicine and Biochemistry & Biophysics

APOBEC-Coupled Epigenetic Sequencing

**Golnaz Vahedi, Ph.D.**

Assistant Professor of Genetics, Member of Institute for Immunology

**Nancy A. Speck, Ph.D.**

Professor of Cell and Developmental Biology

Uncovering regulatory coordination during T cell development  
using single-cell epigenomics

#### MASS SPECTROMETRY & EPIGENETICS PILOT GRANT

**Sarah E. Millar, Ph.D.**

Albert M. Kligman Professor in Dermatology II

Identification of non-histone targets of Class I histone deacetylases  
in embryonic and adult epidermis and basal cell carcinoma

#### CHEMICAL/GENETIC SCREENING EPIGENETICS PILOT GRANT

**Irfan A. Asangani, Ph.D.**

Assistant Professor of Cancer Biology

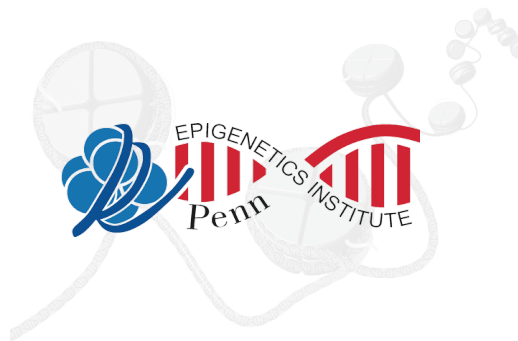

Assistant Investigator, Abramson Family Cancer Research Institute

High Throughput Screening of FDA approved drugs with EZH2 inhibitor  
in prostate cancer cells

Thursday, April 12, 2018 - 3:30 PM

JMEC Law Auditorium
